**CONTRACT LAND STAFF ANNOUNCES NEW SENIOR VICE PRESIDENT
OF POWER, RENEWABLES AND LAND DATA SERVICES**

SUGAR LAND, TEXAS (Oct 18, 2018) – Contract Land Staff, LLC (CLS), a leading international provider of Right of Way and land management services, announced today the appointment of Garrett Gill as Senior Vice President of Power, Renewables and Land Data Services.

Mr. Gill is a tenured operational leader and has spent the majority of his career in the consulting and Right of Way industries. He brings over a decade of senior management and business development experience to the organization.

“We are truly excited to welcome Garrett to CLS,” said Darin Hittle, Board Member and CEO of CLS. “Garrett has the energy and impressive track record to lead our growth related to power and renewable energy opportunities, along with enhancing our service offerings.”

About CLS

Contract Land Staff, LLC, founded in 1985, is one of the largest independent providers of Right of Way consulting services and related services in North America. CLS’s services include a combination of land management solutions such as Right of Way acquisition, training, staffing, and land and real estate administration services.

CLS serves pipeline, utility, electric transmission and distribution, rail, public sector, solar and wind generation, and telecommunications clients. For more information, visit www.contractlandstaff.com.
