Contract Land Staff adds to its Platform with Paragon Partners Ltd.

Darin Hittle, President and CEO of Contract Land Staff (CLS), a leading provider of Right of Way, Land Management and Consulting Services in North America, is proud to announce that Paragon Partners Ltd. (Paragon) has been added to the CLS family of companies. Neilia LaValle, President of Paragon, and her Officer Team will continue to lead the Paragon organization, providing strategic leadership and oversight to the Paragon business.

According to Darin Hittle, "Paragon is a further milestone in CLS's growth strategy. Paragon's top of class reputation and service expertise throughout the United States is in lockstep with CLS's culture and execution plan. We are excited to welcome Paragon to the CLS Platform."

Neilia LaValle states "We look forward to this next phase for our team here at Paragon. The additional partnering opportunities CLS will bring to the table mirror our vision of the future for Paragon. I am confident, working closely with Darin and the CLS team, we'll continue to deliver excellence to our customers and staff."

About CLS

Contract Land Staff LLC, founded in 1985, is one of the largest independent providers of land consulting services and related activities in North America. CLS's services include a combination of land management solutions such as right of way acquisition, civil & environmental survey, cultural resource management, civil engineering & design, environmental planning and real estate administration services. CLS serves utility, renewable, electric transmission and distribution, energy, rail, public infrastructure, solar and wind generation, and telecommunications clients.
